Assessment in Visual Art (continued)

After completion of the second Classroom-Based Assessment, students will reflect on and use the feedback from their teacher and peers, as the basis to create **further significant developmental work** and **two realised pieces** for the state-certified examination.

To aid in their reflections of both their ideas and work students will submit a Communicate and Reflect Form.

This work will be marked by the State Examinations Commission (SEC). There is no Assessment Task (AT) or final drawing examination.

Features of Quality

To support teacher judgement in the CBAs, descriptors called Features of Quality are set out in the Assessment Guidelines.

Subject Learning and Assessment Review

Subject Learning and Assessment Review (SLAR) meetings provide teachers with the opportunity to share and discuss samples of their assessments of student work and build a common understanding about the quality of student learning. Teachers' judgement is recorded for the purpose of the SLAR meeting and for the school's reporting to parents and students.
