Making Friends Online

- It can be a great thing! Talking to mutual friends, people with the same interests & friends who live far away
- BUT sometimes meeting people on social media can be dangerous
- Before meeting up, take a few precautions:
  - Video call, talk to them live
  - Don’t give out personal info

If you’re meeting in real life:

- Meet in a public place
- Tell someone where you're going
- Make sure your phone is charged
- Go with a friend

Random Adds

Fake Accounts

- Check who they are following & who follows them
- Look at their posts
- If in doubt, delete or block

DM requests

- Check your requests often
- Do not interact with unfamiliar users
- Be wary of scams
