The Learning Hub

What is it?
A service where you can request help for an area of learning and we will try to match you with a student tutor who can help you

How do I request help?
Send an email to hubhelp@loretothegreen.ie before 10.55am on Tuesday morning
Write "help sought" in the subject of the email
Give a brief description of the subject, topic and class group in the body of the email (any subject)

What happens next?
Your request will be logged without your name and we will try to match you up with a student tutor who can help you
You need to consult the Google doc to see whether we have found a tutor for you for that week's learning hub session

When and where does the learning hub take place?
Thursday mornings between 8.15- 8.40 in room 501

What happens if I want to offer help?
An email will be sent out at the beginning of each week with a Google doc outlining that week's learning requests and you can put your name next to one of the requests if you think you can help with that area of learning

Who can get involved with the initiative?
Any student from 1st to 6th year can request or offer help on a week to week basis. There is no need to sign up for a longer commitment
